BUILD-A-CITY CRAFT

Supplies:

Shoe box or gift box lid
construction paper (asstd. colors)
glue or tape
Hot Wheels car

1. Cut and glue green construction paper to cover the underneath side of a shoe box or gift box lid.
2. Cut and glue thin black strips of construction paper for the streets.
3. Cut and glue smaller yellow rectangles of construction paper for the lines on the road.
4. Cut different-sized strips of construction paper for the buildings.
5. Cut some squares/rectangles for the windows and doors of the buildings,. Attach them with glue.
6. Roll the buildings into a cylindrical shape and tape or glue them so they will hold their shape.
7. Place your buildings in the empty green places.
8. For extra fun, take a hot wheel for a ride on your newly built city!
